

Escort

Model 40

Model 41

ESCORT arm chairs feature sculptured hardwood frames and deep cushioned sitting comfort. The classic comfort shaped arm rests and tapered legs tell the story. This is a refined seating collection that goes well in almost any setting.

The model 40 has a fully upholstered seat and back. The roomy seat features multi-density foam over a rubber web base. The model 41 has the same seat construction in combination with a distinctive body curved hardwood slat back.

ESCORT chairs are designed with smooth welt free upholstery for easy maintenance. The solid hardwood frames have no exposed dowels or screw plugs. Escort's distinctive profile looks good from all angles.

These distinctive arm chairs can be specified in any EOC textile, leather, vinyl or COM material. Choose from any of EOC's broad spectrum of hardwood finishes. Custom frame finishes are also available at an extra charge.

Dimensions:
31"H, 23"W, 23"D
