Interval™

modular seating as an architectural element

Interval is a complete collection of sinuous seating, tables and benches for both single file and back to back configurations.

Intervals materials (90 per-cent by weight) are recyclable.

Interval introduces a freshly designed cantilevered suspension system with replaceable elastomeric mesh style upholstery for advanced sitting comfort. It addresses ease of cleaning issues that are so important in waiting areas. Now you can open up

more leg room and floor space with Interval's architectural shapes. Choose from an endless range of field replaceable upholstery materials, frame finishes and floor arrangements. Let your imagination and our planning department be your guide.
