Loaded With Detailing Options

Meet the versatile Lidia guest chair collection featuring architectural profiles and spring web seat comfort construction. Choose from arm or armless frame designs and a variety of back detailing and upholstery options, including either open, metal or wooden inserts.

Lidia features replaceable seat cushions, gently curved arm rests and a wall saver rear leg design. Choose from any of EOC's standard wood finishes or custom finish matches. Lidia is manufactured by EOC in the USA, meets CA 117 requirements and is TB 133 compatible. Lidia also ships fully assembled in any of EOC's standard upholstery or approved COM/COL materials.
