Elements of Care

Introducing another feature loaded Marvel recliner chair system that fully addresses today's healthcare needs. The richly tailored upholstery has a special comfort cushion construction with a metal spring seat suspension system and protective padded side panels. It is available with or without casters, with optional steel reinforced soft urethane arm rests and an easy access clean-out section behind the seat. Marvel's space saving design requires less than 7 sq. ft. of floor space (13 sq. ft. fully extended).

**Model #2050**

Overall: 30"W, 36"D, 48"H  
Seat : 23"W, 21"D, 18"H  
Weight: 123 lbs. (uncartoned)
