

## SUSTAINABILITY

*IS OUR MOTTO AND DAILY PRACTICE.*

As a California resident manufacturer we support our Nation's toughest and most active environmental state, and take pride in the advancements made to protect our earth. EOC performs more than lip service regarding operating an environmentally responsible manufacturing business.

It is a constant goal for which we continually seek better and more innovative solutions. Our search includes partnerships with a number of consultants and associations, which in some cases has changed the way we do business. Here are specific areas where we have taken a leadership role:

- **Toxic Emissions** used in the manufacture of our products are amongst the lowest in the nation and in compliance with strict Southern California Air Quality Management District requirements.
- **Packaging:** Our products are shipped via blanket wrapped carriers (unless otherwise specified) to avoid the disposal of paper and plastic packaging materials.
- **Sound Forest Management** is very important to us. We partner only with sources that document their replenishment practices, including planting more trees than they take.
- **Reconstituted Veneers** are avoided because of their high formaldehyde and African rain forest content.
- **Drawer Interiors** are finished with water based materials. This prevents the occupant from inhaling harmful toxics from the desk's inner chambers each time a drawer is opened.
- **Wood Waste** is ground into mulch and composted to become top soil or burned as fuel for electricity. Dimensional wood scrap is made into pallets.
- **Sawdust** and wood chips are collected through our overhead vacuum duct system and used for animal bedding.
- **Scrap Foam** is picked up and recycled by our foam suppliers.
- **Scrap Leather** is given to a local organization to make wallets and purses.

**GREEN** is our constant goal. We take pride in our efforts here and welcome your comments and contributions.

## Limited Lifetime Warranty

EOC warrants that each piece of furniture manufactured in its USA manufacturing facilities will be free from defects in workmanship given normal use and care for as long as the original purchaser owns and uses the furniture.

Normal use is defined as the equivalent of a single shift, 40 hour work week. Products that are subjected to more than single shift use (hospitality, healthcare, 24x7, etc.) are warranted for five (5) years. See "Limitations" below for certain Items that fall under different warranty coverage. EOC, at its option, will repair or replace with comparable product, any product part or component shipped after February 1, 2010, if the claim is eligible under this warranty.

**LIMITATIONS:** High wear parts such as: Casters, Chair Glides, Motion Controls and Mechanisms, Pneumatic Cylinders, Urethane Arm Pads, Polymer Based Components, Electrical Components, Upholstery Cushioning, Wooden Frames and Seat and Back Shells are warranted for three (3) years. Due to the natural variations of wood and laminate, for which EOC has no control, this warranty does not extend to the grain, color, texture or durability of any exterior surface material, coatings or treatment. Fabrics, leathers, vinyl and other textile materials are as covered by the individual material supplier's warranty.

**EXCLUSIONS:** This warranty does not apply to customer's own material (COM), glass, damage or failure resulting from handling or transportation, relocation, abuse, misuse, negligence, alteration, modification, colorfastness, or normal wear and tear.

**PROCESSING A CLAIM:** Either Fax (310-603-9100) or e-mail ([EOC@earthlink.net](mailto:EOC@earthlink.net)) EOC Customer Service a detailed description of the warranty issue, including pictures (if possible) and a copy of the sales invoice (required). You can call EOC Customer Service toll free at [800-421-5927](tel:800-421-5927) for assistance. Field repair and/or return authorizations must first be obtained from the EOC Customer Service Department (in writing) before proceeding, All returns for inspection or repair must be properly packaged and shipped freight prepaid.

Here at EOC we stand behind our quality craftsmanship and pledge to do everything we can within the terms of this warranty to assist you as expeditiously as possible. This warranty is made only to the original purchaser. There are no other warranties except as set forth here, either expressed or implied including any warranty of merchantability or fitness for any particular purpose. We exclude and will not pay consequential or incidental damages under this warranty.

# GENERAL INFORMATION AND TERMS OF SALE

## ORDERING INFORMATION:

All orders must be confirmed with a signed purchase order directed to our General Offices, and include:

1. Model number.
2. Finish information.
3. Fabric pattern and color.
4. Accessories and options (include model number and description).
5. Shipping instructions.

## Please carefully note the following order confirmation procedure:

- A. An acknowledgement will be faxed the evening after entry (weekends and holidays are not included) following credit approval.
- B. The day following the faxed acknowledgement will be an open window for any order changes. Dealers are encouraged to review these acknowledgements immediately to reduce the impact of order processing errors. All order changes must be communicated to EOC by the end of the next business day following the faxed acknowledgment.
- C. After the order confirmation window, EOC will schedule production. Order changes after the confirmation window may not be possible or require a surcharge.

## TERMS:

Terms of Net 30 days will be extended on that portion of credit extended to approved accounts. A deposit may be required on project specific orders.

## CREDIT:

We value your good credit and an open account may be established upon the completion and signing of EOC's credit application form. Terms of sale are from invoice date, not receipt of merchandise. EOC now accepts VISA and MasterCard purchases as well as direct billing / customer rebate programs. Contact EOC Credit Dept. for further information.

## EOC FREIGHT PROGRAM:

Refer to page 7 for factory subsidized delivery zone rates and information.

## CHANGE ORDERS:

The order acknowledgement provided by EOC will be deemed by the customer, and by EOC, as the final and approved order. All prior correspondence, purchase orders or conversation are superseded by the EOC order acknowledgement. Where revisions are possible, a charge may be required.

## CARTON CHARGES:

Products within this price list are priced for EOC's blanket wrapped shipment program. Where cartoning is required, add \$2.00 net per cubic foot content (price list shows each model's cubic size) and specify. Carton charges may be required for shipments into storage facilities and areas not competitive for blanket wrap delivery.

## CARTON WEIGHTS:

Product weights shown do not include cartons. For cartoned weight add the following to the applicable product weight:

<i>Product Cube Size</i>	<i>Added Carton Wt.</i>
1 - 12.5	4 lbs.
13 - 21.5	6 lbs.
22 - 38.5	8 lbs.
39 - 56	12 lbs.

## MINIMUM ORDER CHARGE:

Prices are subject to a \$25.00 net handling charge on purchases totaling less than \$200.00 net. Parts and fabric orders are excluded.

## CUSTOMER SERVICE:

Service after shipment is the responsibility of the EOC Customer Service Department. Communications regarding warranty service should be directed to the Customer Service Manager (eoc@earthlink.net). All return authorizations, repairs and service are under the direction of this department, which is a separate entity from the Sales Department. Field repair authorization must first be obtained from the factory in writing prior to warranty repairs being made.

## PRICES AND ORDER ACKNOWLEDGEMENTS:

Prices shown are list and subject to change without notice. The EOC order acknowledgement serves to confirm prices in effect at time of order acceptance, which may vary from published price lists. Shipping dates acknowledged are approximate and may vary (inquire). EOC will not accept cancellation for failure to ship as acknowledged.

## DISPUTED ACCOUNTS:

EOC will review debits and deductions taken by our customers provided the customer has:

1. Presented the claim in writing to EOC within 30 days from the date of the original invoice.
2. Appropriate supporting documentation is provided. Any deduction taken beyond the 30 day period will be denied upon receipt and will remain due on the customer's account. Prompt payment of the debit will be expected.

## RESELLER'S WARRANTY SERVICE OBLIGATIONS:

Resellers of the EOC product line agree to provide prompt and courteous service, regardless of where such products are delivered and installed, without compensation from EOC for such activities. EOC will provide replacement parts to repair units under warranty. Resellers of the EOC product line agree to provide labor to repair units under warranty, unless at EOC's sole discretion, unusual warranty claims for significant quantities of product are involved and reseller obtains advance written agreement from EOC Customer Service for compensation from the Company for specific actions.

## WAREHOUSING:

Since production and shipping space is at a premium, orders are scheduled for shipping or pick-up upon their completion. Orders which can not be shipped because of either customer or payment delays will be invoiced and a warehousing charge assessed totaling \$0.25 net per cube per week. **Note:** Orders specifying extended delivery dates at time of placement are scheduled accordingly and not subject to these charges unless further delayed.

## GENERAL INFORMATION AND TERMS OF SALE

### SPECIAL PRODUCT REQUIREMENTS:

While EOC is a production line manufacturing company, every consideration will be given toward special product requirements. In order to consider a special product request, we need to know the quantity and delivery requirements and the componentry involved.

### PRODUCT CLAIMS:

It is the responsibility of EOC's customer (not necessarily the consignee) to immediately notify EOC of any factory defects, shortages or errors upon receipt of merchandise. Failure to make any claims against EOC immediately (if shipped blanket wrapped) or within five (5) days (if shipped cartoned) will constitute acceptance of merchandise and waiver of any defects, shortages or errors ascertainable upon inspection.

When EOC is instructed to deliver to your installer's facility, please remember they are receiving the furniture on your behalf. Normally these are blanket wrapped deliveries which give them clear view of the products when the carrier's blankets are removed. Once they have signed for the goods, our responsibility ceases for the safe handling of the product from that point forward.

### FREIGHT CLAIMS:

EOC is not responsible for damages incurred in transit or in storage. It is the consignee's responsibility, by law, to examine merchandise upon receipt, note damages on the carrier's bill, and file a damage claim. Concealed damage should be reported to the carrier within 48 hours, in writing. EOC's responsibility ceases when the carrier signs the bill of lading as having received the furniture in good condition.

### RETURNS AND CANCELLATIONS:

Return shipments are not accepted unless specifically authorized by EOC on a Returned Goods Authorization Form furnished by the Customer Service Department. Merchandise must be returned in original shipping cartons, with proper inner packing and is subject to inspection upon return before acceptance. All returns must be made within 30 days after the Return Authorization is issued.

Requests for returns due to EOC error must be made within 15 days of receipt of erroneous shipment.

Because of the nature of special finishes, materials and structural modifications, products ordered as "specials" and then cancelled prior to shipment are subject to cancellation costs equalling the full value of the product cancelled.

### CONSTRUCTION AND WORKMANSHIP:

As in the case of all hand made products, dimensions are approximate. We reserve the right to alter our product design for the purpose of construction improvement, without notification. Therefore, if it is desired that a product match an order or finish previously shipped, it should be clearly stated on the order and finish sample provided.

### MAINTENANCE:

Contract furniture products should receive periodic user safety inspections for structural damages or fatigue. Examination should include the seating unit's structural joints, corner blocks, screws or fasteners, welds and any other points of stress. If any defects are found, the product should be immediately serviced. Defective or faulty furniture should not be left in service.

### WALL MOUNTED CABINETS:

Wall mounted cabinets include a separate cleat that is sized to support the cabinet but does not include wall cleat attachment hardware. The structural capacity of the support wall and the anchoring of the cleat to the wall are beyond the control and expertise of EOC. It is, therefore, understood by all parties involved that it is the responsibility of the buyer, owner and/or installer to consult with the proper building authorities to ensure that the supporting wall structure and cleat attachment method will support the size and weight of the specific cabinet selected.

### EOC PRODUCT QUALITY STANDARDS:

EOC manufactures to the standards set by ANSI/BIFMA and the Architectural Woodwork Institute. We perform constant product testing in our own facilities as well as those of independent laboratories. Every furniture piece requires the final inspection and approval stamp of a highly trained quality control inspector at each manufacturing facility. We stand behind our furniture craftsmanship and will do everything possible to quickly resolve any problems you might have, within the terms of this warranty.

### EOC'S CUSTOMER COMMITMENT:

Whether the product is covered by warranty or not, we want you, our customer to be completely satisfied with EOC services. We will exercise our best efforts to work with you and our authorized dealer to quickly resolve the problem.

### NOTE:

Possession of this price list does not constitute an offer to sell. No agreement or understanding in conflict with the foregoing terms and conditions are valid unless confirmed in writing by an officer of EOC.

EOC

## UPHOLSTERY INFORMATION

**CUSTOMER'S OWN MATERIAL:** Use Grade H (COM) column prices when providing your own material. Ship to us prepaid, free of all charges and identified with your name and your PO number. The C.O.M./C.O.L. Order Form on the next page assists orders involving COM or COL work. Simply photocopy the page and fill it out completely, attaching the material sample as indicated. COM orders cannot be scheduled for production or delivery dates until receipt of approved materials. All COM's are cut "up the roll" and applied vertically by EOC unless otherwise directed by the customer.

**ORDERING COM MATERIAL:** Listed product yardage requirements are based on 54" wide material. Patterned and striped material require additional yardage (see table). We apply all directional patterns vertically unless specified otherwise. Add 10% to the COM price for horizontal or velvet application. Thin fabrics should be backed.

**CALCULATING COM YARDAGE REQUIREMENTS:** For other than 54" wide material and for upholstery with repeat patterns,

Material Width	Plain Material	1" - 12" Repeat	13"-18" Repeat	19"-24" Repeat	25"-30" Repeat
54"	0%	10%	15%	20%	25%
50"	15%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

**UPHOLSTERY COMBINATIONS:** When requesting a combination of fabric, vinyl or leather on a product, the higher grade of the combination of materials applies to the price grade of the item.

**COM MATERIAL RESPONSIBILITY:** Because of the wide range of weaves and filaments used in upholstery fabrics, we do not assume responsibility for wear, fading, piling, dye variations, wrinkling, seam slippage, damages or any other problems relating to the upholstery other than those catalogued by EOC. If no specific instructions accompany the order, we will use our best judgement in cutting the material and applying the patterns. All responsibility, however, remains with the customer.

**UPHOLSTERY GRADES:** EOC prides itself on the reputation it has earned for the fine quality, design oriented contract fabric programs offered to the trade. Each of these patterns is illustrated in color variations on EOC swatch cards, and is available on request (specify pattern). Consult the complete EOC fabric program when a greater palette of material, color and selection is required. Although every effort is made to ensure inventory on a given pattern and color, upholstery mills are in a volatile business and we, therefore, urge you to verify price and availability where the project demands. Listed below are the current upholstery

### CURRENT GRADES:

H	I	K	M	P	S	V	Y	YH	YK	YM
\$34	\$45	\$69	\$92	\$128	\$162	\$197	\$232	\$257	\$303	\$337

Note: Yardage prices are based on 54" wide material. Orders for less than 3 yards are subject to EOC's \$25 net minimum order handling charge. Material yardage is available in even yards only.

**LEATHER:** Our genuine top grain leather is both luxurious and practical. It is soft, supple and extraordinarily adaptable. Each color is appealing in both traditional and contemporary styling. The look of this leather is greatly enhanced by a number of natural markings that are part of the beauty and nature of genuine leather. Leather's unique look and durable characteristics make each piece a classic.

Leather pricing is broken into two columns (L1 and L2) . First column (L1) prices are for the following stock colors:

**Black**  
**Burgundy**  
**Willow (Dk. Green)**

**Bone**  
**Ultramarine (Dk. Blue)**

**COL LEATHERS:** Customers may provide their own leather using the COL column pricing. To determine the square footage requirement for leather, multiply the model's listed yardage times 18. Example: Model 800 chair requires 3 1/2 yards of 54" wide fabric or 63 square feet (3.5 x 18) of leather. All square footage requirements are based upon usable material. Hides with unusual shapes or unusable areas may require more leather. Use the COM/COL order form (photocopy) on the following page.

## SPECIAL FABRIC AND FIRE PROTECTION INFORMATION

### CALIFORNIA TECHNICAL BULLETIN

**#117** All EOC upholstered furniture meets, as a minimum, California Technical Bulletin #117. This Bulletin regards the fire resistance of resilient filling materials such as cotton, dacron

and foam, as well as upholstery fabrics. We recommend you carefully consult your fabric specification to ensure that it complies with CAL TB #117 (as a minimum), before purchase. Most EOC fabrics meet or exceed California Technical Bulletin #117. We can not assume responsibility for any COM fabric that fails to meet CAL TB #117.

### CALIFORNIA TECHNICAL BULLETIN #133

Some states have endorsed California's strict Technical Bulletin #133. Simply stated, this Bulletin primarily addresses public areas without adequate fire protection (such as sprinkler systems, etc.), particularly those occupied 24 hours. The final decision as to required #TB 133 compliance usually rests with the local Fire Marshall. However, each state can vary the responsibility and requirements.

Before specifying TB #133 compliance we suggest you verify the requirement, as a service to your client. The materials and manufacturing process can be expensive. Often a telephone call to the local Fire Marshall can resolve questions. Request a written confirmation, for liability protection.

### TB #133 COMPLIANCE

EOC product pages indicate approved TB 133 product groups in the feature section (look for "TB 133 Compliance Capability"). When specified, we will provide TB #1 33 compliance by applying a fire barrier under the approved upholstery material and substituting "code red" foam and filling materials. **The cost for this process is \$66 list per yard of upholstery material required.**

Use care in selecting upholstery for TB 133 requirements. Olefin based fabrics should be avoided. Where products are specified for TB #133 compliance that are not already approved for same, a fire testing and sample charge may be involved.

EOC assumes no responsibility for composite testing or compliance with any particular code or other flammability standards different than as contained in applicable catalog information unless such requirements are specified in writing by purchaser and acknowledged by EOC.

## CARE & MAINTENACE INFORMATION

**LAMINATE CABINETS AND SURFACES** are manufactured to industrial grade materials and specifications approved by the Woodwork Institute (WI) and the American Institute of Architects (AIA). Elements of Care is committed to maintaining a leadership role in environmental stewardship in our industry. Our laminate and wood supplier partners have their materials certified with the Composite Panel Association (CPA) Environmentally Preferable Product (EPP) Program. All laminates are in compliance with NEMA criteria and have tested positive for resistance to wear, stain, cleanability, light, high temperature, radiant heat, boiling water and impact.

**HARDWOOD AND VENEER** are natures product in a man made state. Their beauty lies in the fact that there are no two pieces exactly alike. Wood's greatest enemies are the very elements that raised it; water and sunlight. While EOC's multi-step finishing process provides partial protection against such elements, prolonged exposure can cause eventual checking, fading, blistering and/or delamination. Here are a few important precautions: Avoid direct sunlight exposure and extreme temperature or humidity changes. Do not use cleaning solutions, ammonia based products or thinners, as they can damage the finish. Wipe clean with a damp cloth and immediately wipe dry. A periodic application of wax will help build surface protection.

**WOOD FRAMED CHAIRS** should be inspected for loose joints on a quarterly basis. One loose joint will put extra pressure on the others eventually leading to possible collapse. Any chair exhibiting a loose joint should be immediately removed from service. Loosening of the joints can occur when people continually rock backwards on these chairs or attempt to drag them over heavy carpet while sitting in them.

**OFFICE APPLIANCES** can cause damage to wood veneer surfaces if they have rubber or neoprene feet. Some of these feet contain chemicals that can discolor wood surfaces (leaving black marks). Substitute felt tabs.

**CARE AND MAINTENANCE HANG TAGS** are attached to all EOC tables and cabinetry. **These should not be removed during the installation process.** The occupant should see and review the information contained within.

Elements of Care

## FINISH INFORMATION

### HOW TO ORDER:

When ordering, remember to include:

1. Model number, including options and accessories.
2. Finish information.
3. Upholstery pattern and color (see COM/COL order form page for special material instructions).
4. Shipping instructions.

### STANDARD WOOD FINISHES:

#1 Walnut	#13 Mahogany Walnut	#18 Cherry	#19 Ebony (+6%)	#27 Pearwood
#28 Mahogany	#33 Natural Maple	#41 Medium Cherry	#46 Cranberry	#47 Antique Cherry
#49 Honey Cherry	#100 Chocolate (+6%)	#101 Charcoal (+6%)		

EOC seating is standard in a satin finish. Where matching is critical, always request a current finish sample.

### DECORATIVE WOOD VENEER INLAYS

The following decorative wood veneers are available as a table surface inlay. To best exhibit their natural beauty these veneers are not stained, unless otherwise specified. They are full filled and polished to a luster finish. Add \$33 list per square foot (rounded) of surface area to the product list price and specify:

#BIY Birds Eye Maple	#FIY Figured Maple	#SIY Sapeli Pommele	#ZIY Zebra Wood
----------------------	--------------------	---------------------	-----------------

### LAMINATE TOP FINISHES

The following high pressure laminates are available on tables no extra charge.

#14 Black	#17 White	#44 Haze	#48 Fashion Grey	#57 Honey Cherry
#58 Charcoal	#60 Walnut	#61 Victorian Cherry	#63 Natural Maple	#66 Mahogany
#70 Pearwood	#87 Camel Leather	#75 White Nebula	#78 Grey Nebula	#87 Camel Leather
#88 Saddle Leather	#89 Cocoa Leather	#91 Ebony Oxide		

### LAMINATE CABINET FINISHES

The following laminates are standard on all casegoods cabinets.

#14 Black	#17 White	#44 Haze	#48 Fashion Grey	#57 Honey Cherry
#58 Charcoal	#60 Walnut	#61 Victorian Cherry	#63 Natural Maple	#66 Mahogany
#70 Pearwood				

### STONE LAMINATE INLAYS

These premium stone laminates are available as a decorative surface inlay at a 20% surcharge:

#55 Graphite Talc	#79 Black Star Granite	#86 Travertine	#53 Rosso Granite
-------------------	------------------------	----------------	-------------------

### SPECIAL WOOD FINISHES:

EOC will perform custom wood finish work on a project basis providing it falls within our scope and production capabilities. The minimum charge for providing customer finish test panels is \$265 net, which defrays costs for special handling, color chemistry and special finish boards. There may also be a production surcharge, depending on the complexity of the finish and size of order.

### POLYURETHANE FINISHES:

Polyurethane finishes on wood chair frames are available at a 5% surcharge in the following colors:

#85 White	#64 Haze	#68 Fashion Grey	#86 Burgundy
#65 Featherstone	#69 Black	#72 Charcoal	

### METAL FINISHES:

Metal frame (or trim) seating is available in the following standard powder coat finishes:

#60 Silver (see individual group for surcharge)	#69 Black
---	-----------

Special metal finish colors are available where product and quantity permits.

**Mayer / EOC HEALTHCARE UPHOLSTERY PROGRAM**

The following is a list of current Mayer upholstery patterns and their applicable EOC price grades. Simply order the EOC seating piece(s) you want, specifying the Momentum pattern and we will do the rest. The entire Momentum fabric line is available under this program.
